

ECO CLUB

ECO CLUB will empower students to participate and take up meaningful environmental activities and projects. It is a forum through which students can reach out to influence, engage their parents and neighborhood communities to promote sound environmental behavior. Eco clubs play an important role in creating environmental awareness amongst the future generation. It is a platform where we get knowledge about environment. It also enables the students to be sensitive towards environmental concern to tackle environmental problems.

ECO CLUB AIMS TO:

- Raise environmental awareness, understanding and knowledge among young people.
- Promote the protection and conservation of the environment.
- Support the personal development of young people through practical environmental projects and activities.

FROM ENERGY EFFICIENCY TO RECYCLING, HERE ARE OUR TOP 10 TIPS TO MAKE OUR COLLEGE MORE ECO FRIENDLY AND SUSTAINABLE.

- Encourage pupils to walk. Use footprints to reduce your carbon footprint! ...
- Start in the Eco Club.
- Eating green.
- Recycle.
- Get down to earth.
- Turn the old into something new.
- Be energy efficient.
- Clean and green

ECO CLUB MEETINGMINUTES

Subject:Eco Club meeting minutes

AGENDA

- To reconstitute the Eco Club for the academic year 2022-23.
- Mobilize actions against environmentally unsound practices like garbage disposal in unauthorized places.
- More involvement of students.
- Proper waste disposal.

POINTS DISCUSSED

- An awareness is essential for students regarding the safety of nature.
- More waste bins, separate for degradable and non-degradable wastes must be placed throughout the campus.
- Gardening by students in a better way to keep the campus neat and beautiful.
